GOOD TEST.

The following points are suggested for the consideration for voters in their choice of candidates. Whenever an office has political significance remember that there are but two national parties. In local matters consult the record. Has this man been faithful to the people? Has he fulfilled promises? Has he been his own master? Is he in a position to be his own master still? Has he been accused of treachery or wrong-doing? If so, upon what grounds? Does his record give promise of service to the people, or subserviency to the public enemies.

When there is no element but competency to be considered ask what the candidate has done for you? Has he defended you or been neutral, has he earned your gratitude or does he beg it? If he says you must vote for him because he is on the ticket, ask him if he represents a principle and how he can vindicate it. All of these points are merely guideboards to direct the voter. We hope that every man will vote for Republican principles wherever they may be concerned. We hope that when the worth of the candidate alone is concerned that the voter will ask such questions as we have outlined and demand satisfactory answers.

THE OLD STORY TO BE REPEATED

Evidences are multiplying that the Democrats are to be sold out again this year by certain of their leaders. It is the old, old story over again. For eight years this thing has been done, and there can hardly be a doubt that the same thing will be repeated next Tuesday. An unholy alliance is up. Jones is to be allowed to go through for senator in consideration of support for certain candidates on the Democratic state ticket. Some of the candidates for county offices in Storey will aid the scheme. We sound the warning in advance because we know it will be done. Remember what we say, and then look well to the result. For our part we would not give the senator and congressman for forty state tickets. There is no politics in anything else. The man or candidate who would barter away the essence of the contest will merit political damnation. We charge the Democratic state central committee to be on the alert, for as sure as God rules the universe there is cross-lifting and fraud in the atmosphere. Let not the Democrats of Nevada again suffer the disgrace of electing their state ticket by an overwhelming majority, the meanwhile losing the political portion of the fight. In the name of the Democracy of the great east we demand fair play.—*Eureka Sentinel.*

That is what might be called a Democratic spasm.

EDITORIAL NOTES.

A satisfactory case of the bitter bit has occurred in Missouri, the favorite stamping ground of the raging green-backer. Lincoln county, which had paid the interest on its bonds from 1875 to 1877, concluded recently to repudiate. Before this was decided upon, about \$36,000 of taxes had been collected to pay the interest on these bonds, but pending the judicial decision which has been invoked, the county court loaned the money out, and the party borrowing the same has recently gone into bankruptcy, his affairs being in such a shape that he will hardly pay three cents on the dollar.

Those who heard Mr. Daggett speak in Reno, and who listened to Mr. Deal last night can scarcely be longer in doubt about which should be sent to congress. The one is a man of ideas and strength of character and would make himself felt; the other is a respectable nobody, devoid of mental power and would merely be a buzzing nuisance because of his small and irritable earnestness. One is a man who is fit to fill the high office to which he aspires; the other is intellectually incapable of realizing the duties of the position.

The Democrats are scattering pamphlets broadcast over the land. These efforts are very weak and the latest contains "The Record of John Henry Kinkadee." The subject is certainly too deep for Democratic comprehension or discussion. Henry Kinkadee's record is graven on the hearts of the thousands who knew and esteemed him before Nevada was a state. As long as the Democrats confine themselves to Mr. Kinkadee's record, they will be engaged in a profitable study.

Dr. Snow calls attention in another column to his candidacy for superintendent of public schools. Dr. Snow

is well known to most of our citizens as a quiet, unassuming gentleman. The office which he seeks is entirely non-political, and requires competency and fidelity in its administration. Our public schools are the mainstay of this republic and we hope that every good citizen will vote at all times only for the most competent men to superintend them.

Mr. Deal affects mild and decorous anger at this metropolitan journal because it has called him intensely yet not obtrusively respectable. We do not covet Mr. Deal's discriminating ill-will and hence will not but not gaudily retract if he deserves it. We will fashion for him an apology "as they call it" if he will cease to be so firmly yet mildly offended. We are penitent but drooping.

The Oakland Tribune man still heaps up the "excerpts" for which he is so famous. It is said that the brain of this litterateur when in motion gives off an uncertain sound more like a pair of scissors in rapid motion than a Corliss engine.

Big Fire at Chico.

CHICO, October 29.—The fire which started yesterday morning in the factory of the Sierra Plume and Lumber company, and from there spread to the piles of lumber adjacent, as announced in yesterday's telegram, was the most destructive that has ever occurred in northern California. The flames soon spread from one pile of lumber to another, until the entire yard of ten acres, with its vast accumulations of lumber and extensive buildings, was enveloped by the destroying element. The driveways between the rows of piled lumber had the appearance of huge furnaces, and columns of flame ascended upward for hundreds of feet. The only building saved on the ten acres used by the company was the hay barn on the Humboldt road side of the ground. A clean sweep of everything was made in the yard, including a portion of the flume, probably forty or fifty rods in length. The judge's stand on the grounds of the Upper Sacramento Valley Agricultural Society, adjoining the lumber yard, was burned and it was only with the greatest difficulty that the other buildings on the stock grounds were saved. The loss is estimated at about \$500,000. There were some 7000 doors, windows and blinds ready for market, which were consumed. It is said that in addition to the lumber belonging to the company, the late employees of Jason Springer & Co. had recently sent down some \$80,000 worth of lumber that was consumed. This lumber had been taken in payment for their labor.

The Chinese Queues Must Go.

SAN FRANCISCO, Oct. 29.—In the board of supervisors last evening Mr. Gibbs' resolution, requiring the sheriff to enforce the ordinance requiring the hair of all mail prisoners sent to the county jail to be clipped within an inch of the scalp for sanitary reasons, came up for final passage. Mr. Acheson moved to amend by including all prisoners at the house of correction and the industrial school. It was adopted without the amendment.

Labor Troubles in England.

LONDON, Oct. 29.—The agricultural laborers in Kent and Sussex threaten a general strike, because of the announced intention to reduce their wages. One thousand are already on a strike. The laborers declare the course of the farmers is oppressive and threaten to emigrate to the colonies.

About 6 per cent. of the looms and spindles in the Lancashire and Cheshire cotton districts have stopped or are running on short time.

Robbed of One Thousand Dollars

MISSION SAN JOSE, Oct. 29.—Three men entered the room of Antone M. Martin about 2 o'clock this morning, choked and tied him so that he could not make any noise or resistance, and robbed him of about \$1000. Not a word was spoken while they were there. There is no clue to the identity of the robbers.

Lord Beaconsfield Sick.

NEW YORK, October 29.—A London special says the air is heavy with rumors of the illness of Lord Beaconsfield, and the cabinet has been summoned to consider what should be done in case of his death. At the last meeting of the cabinet he had a serious apoplectic fit, and the presence of his physician was necessary.

Socialism in Spain.

LONDON, October 29.—Don Carlos, in a letter to ex-Queen Isabella, congratulates her on the escape of King Alfonso, declares that demagogues shrink from nothing in its attempt to destroy even princes whom it has itself placed on the throne and who are forced, perhaps unwillingly, to be its slaves.

Lord Dufferin in Ireland.

LONDON, October 29.—Lord Dufferin was welcomed by the mayor, high sheriff and other gentlemen, who presented an address and the freedom of the city to him. Lord Dufferin, returning thanks, said he had left Canada contented and as loyal as Great Britain could desire.

Randall on the Next House.

WASHINGTON, Oct. 29.—Speaker Randall places the Democratic majority in the next house at thirty-five. He has no doubt of his own election, but fears that Stenger, in the eighteenth district, will be beaten.

One of the spur wheels of the machinery at the Eureka Consolidated mine—weighing 15 tons—was broken to atoms on the 28th.

CONDENSED TELEGRAMS.

Russian troops continue to arrive in eastern Roumelia.

The official state vote of Iowa shows the Republican majority to be 9389.

The Normal school building at Emporia, Kansas, was burned on the 26th. Loss \$85,000.

The Bulgarian uprising is said to be increasing, and bids fair to be a formidable difficulty.

A general European war is anticipated by the Spanish government to grow out of the Eastern complications.

President Hayes and the Chinese minister will attend the fair of the Baltimore medical institute on the 31st.

It has now transpired that a strong Russian force was concentrated on the Bokhara frontier until the close of the Berlin congress, in readiness to enter Afghanistan.

It is said that Tilden will ask to be examined by the Potter investigation committee and will court the closest inquiry with regard to the cipher telegram.

Dr. McCarthy, of San Francisco, on the 27th took morphine and shot himself three times in the head, probably with suicidal intentions, but he will recover.

O. Simmons was shot and mortally wounded at Eureka, Nev., Sunday night, by parties on a drunken spree who were shooting for the fun of the thing and at no one in particular.

Mrs. John O'Brien, of San Jose, divested herself of her clothing and waded into Guadalupe creek, on the 28th, with the intention of drowning herself, but was prevented. Cause—whiskey and an indifferent husband.

Turkish currency has depreciated so that it takes 347 piastres of it to buy 100 piastres in gold. The Sultan has refused to constitute a commission of foreign merchants and bankers to devise means to stop further depreciation.

The Manhattan Savings Institute of New York, which lost nearly \$3000,000 by the robbery Sunday (most of the amount being in uncollectable bonds), requires a notice of 60 days from depositors. The directors claim that even if the bonds were a loss they have \$500,000 surplus.

The resignation of the old board of directors of the French savings bank at San Francisco was accepted on the 28th and a new board elected, composed as follows: Gustave Touchard, Alexander Well, Paul Rosset, Theodore Leroy, Henry Casanova, Francis Perin, Emile Grisar, Norbert Landry and Joseph Godchaux.

Prospect for a Silver War.

WASHINGTON, October 28.—It is authoritatively stated that Secretary Sherman will, in his next annual report, recommend the limitation of silver dollars. This statement was confirmed by the secretary in his speech at the Cumberland fair, upon which occasion he said: "The coinage of \$2,000,000 monthly of silver dollars of full legal tender is a disturbing element which we can not now compute. We can only hope that before its issue is greatly increased congress will either limit its amount or make it contain enough silver to be equal in value to gold." Secretary Sherman's attitude on this question is important in view of the report that a combination of silver-bullion holders is now forming, having for its object the agitation of a free coinage act during the next session. As Secretary Sherman's views are doubtless shared by the President, the veto of any such scheme is certain. Such information of an official character as can be obtained here leads to the belief that the weekly treasury purchases of silver will not be long continued. The last was a failure, though but small purchases were made. The impression is strong among those able to judge that the treasury is deprived of nearly all its advantages as the largest purchaser in the world by this plan.

Tilden to be Investigated.

NEW YORK, October 28.—A Times Washington dispatch says: A gentleman who has been conspicuously identified with the Potter committee states that Tilden will ask to be examined touching the cipher dispatches soon after the reassembling of the committee, and he will court the fullest investigation into his personal connection with the events preceding and succeeding the presidential count. Tilden, it is said, realizes that the publication of the cipher dispatches has injured his political prospects incalculably, and hence his resolution to submit his conduct to the keenest scrutiny. The same gentleman is also authority for the statement that the Potter committee will enter into an exhaustive investigation of everything concerning the cipher dispatches, and will subpoena Marble, Helton, Coyle, Woolley, Smith, Weed, and all other persons who can throw any light upon the subject.

Ward Wants a Wire.

[Ward Reflex.] The people of Ward have long felt the need of a telegraph line, whereby instantaneous communication could be had with the outside world, but not until the 17th inst. was the first step taken to that end. A petition signed by at least 250 of our residents, backed by John H. Kinkadee, has been sent to the superintendent of the Western Union Telegraph Company, setting forth the fact that Ward is not only entitled to, but abundantly able to give to a telegraph office support sufficient to more than meet all expense. We greatly fear the petition will fall flat, unaccompanied as it is by a subscription covering the cost of construction.

Bulldozers Arrested.

NEW YORK, Oct. 29.—The Tribune's Washington special says: The attorney-general has received notice of the arrest of seventeen men in Montgomery county, Texas, on a charge of violating the election laws. He has no late news from South Carolina, and does not think there will be any necessity of sending troops to that state, as the violators of the federal election laws do not resist arrest.

Home Poetry.

The young ladies of Reno are amusing themselves by requesting their gentleman friends to write selected and original sentiments of admiration and adoration in their autograph albums. A GAZETTE reporter had the delight last evening of peeping into one of these repositories of beautiful and poetic thought, and made verbatim copies of three gems. The writers were full-grown men:
"To
When you fall down and bump your knee,
Jump up quick and think of me.

"Remember the Rose is red

A SQUARE DEAL

Who Would Like to Fill a Round Congressional Hole.

J. C. Brown, independent candidate for justice of the peace, last evening introduced W. E. F. Deal, Democratic nominee for congress, to a large audience at the Opera House. Mr. Deal's purpose in once more expressing his respectable person from the Comstock to Reno was to file a few exceptions to the rulings of Judge Daggett in his case. It was a genuine pleasure to see such a man as Mr. Deal on a Democratic platform. Deny it as he may, Mr. Deal is so eminently and delightfully respectable that the soul of a man is calmed and comforted and smoothed down and made humbly placid by the sight of him. Owing to a respectable prematurity of baldness the brow of Mr. Deal is very high and rises like a narrow marble shaft, gleaming palely upon the respectful beholder. The peculiar and decorous contour of the mustache and goatee of the respectable gentleman suggests the well known bust of another great man—William Shakespeare. Deal is another Shakespeare, built on a narrow gauge. As an orator Mr. Deal is afflicted with some trifling deficiencies, among which may be enumerated a lack of ideas and poverty of language. As a starter he cast a gloom over the audience by announcing that he had a short-hand report of Daggett's speech. Then he cheered everybody by saying that he would indulge in no personalities, although he had himself been vilely abused. The Republican press had been especially irreverent in this respect. The eye of Mr. Deal kindled with respectable heat as he reminded himself of this circumstance. In pursuance of his respectable resolve that he would not indulge in personalities—a disreputable practice—Mr. Deal said that he had been charged with saying mean things about Mr. Kinkead. If he had said any mean things of that comparatively respectable person he had repeated his own words. Mr. Kinkead, Mr. Deal was good enough to say, is a high-minded honorable gentleman. It grieved his respectable soul, however, that Mr. Kinkead in years gone by, before the construction of the overland road, had considered that a few railroads would do Nevada good and had voted in the constitutional convention according to that opinion, on the un-democratic principle that what is worth having is worth paying for. Mr. Deal horrified his audience by a frightful picture of what might have happened if Mr. Kinkead's ideas had been carried into effect—a highly profitable field of speculation, and inspiring the thoughtful mind to guesses on what the consequences to the republic would have been had Mr. Deal's been born. The Republican press, especially the Virginia Enterprise, owned and edited by R. M. Daggett, had had the audacity to speak disrespectfully of Governor Bradley, charging him with having connived at the pardon of the murderer Harrington, that person having great political influence. Mr. Deal showed that Judges Hawley and Belknap of the supreme court had voted with Broadhorns for the pardon of the influential Democrat in question. The Enterprise had also charged Mr. Deal with having, while acting as an attorney for the state, advised the passage of the bullion tax compromise bill. He denied it and proved it by every one of the county committee of Storey county. He considered the bullion tax as it stands a just law.

RANK BLASPHEMY.

Mr. Deal froze his audience by giving publicity to the astounding fact that Harry Mighels had sneered at him in the Carson Appeal—yes, positively sneered at him, for having said, in the Democratic convention, something about the nation as they call it. Mighels was hard of hearing. This sneering blasphemer, Mighels, as far back as 1869, had dared to disagree with a convention of mechanics held at Worcester, Mass. No more need be said. Mr. Deal branded Mighels with his respectable disapproval. It had been objected that Mr. Deal if elected to congress and the election of the President were thrown upon the house he would inevitably vote for a Democratic President. He there and then pledged himself to do so.

ANOTHER OUTRAGE.

A certain newspaper of Reno, Mr. Deal said with considerable emotion, had charged him with being a respectable man and a good office lawyer. "It," cried Mr. Deal turning his severe front upon the shrinking GAZETTE reporter and shaking his respectable finger, "if the editor of that paper were a better office editor he would know better!" [Applause] Concerning the payment of the rebel war claims Mr. Deal said that Daggett was grossly ignorant of the fundamental law of the land if he believed they ever could be paid and not fit to be a page in congress. He would not—Mr. Deal wouldn't—indulge in any personalities. The 14th constitutional amendment makes the payment of rebel claims impossible, "and even," said the astute Mr. Deal, "should the house and senate pass any of 'em, the President would veto them. Besides don't we know that every bill introduced to congress is carefully discussed in committee?" It would take a two-thirds vote of congress to repeal a constitutional amendment and it would have to be ratified by three-fourths of the states. He believed every loyal man in the South who had claims for legitimate losses during the war, should be remembered and he would vote for it. The gen-

tleman next dwelt on the labor riots of the East, defending the rioters, whom he said would be driven by despair to break the laws would be the first to take up arms in defense of the country. Capitalists ground them into the dust and they rebelled. While he did not approve of riots in general, he couldn't help feeling sorry for these poor eastern voters. Daggett had said that Mr. Deal didn't know any more about what a protective tariff was than a Piute Indian. [Laughter and applause.] Mr. Deal faintly repelled the accusation and in a confused way declared in favor of free trade. He thought the American mechanic was able to do without protection and compete with the whole world.

Mr. Deal sneered decorously at Mr. Daggett upon the Chinese question. As for him he would never resort to such disreputable conduct as resorting to violence to get rid of the heathen. The formation of societies which would use their moral force to expel the heathen was Mr. Deal's plan. The Miner's Union had by moral force kept John out of the mines. The gentleman babbled on in a state of mild irritation against Daggett and the disreputable Republican press. He indulged in a little moderate pleasantries with Daggett's liver, in return for the assertion that he, Mr. Deal, had lied in his. Mr. Deal was mildly amused at the idea. All that Nevada needed in congress to fix up the matter of fares and freights was an honest man there. Mr. Deal would fix the matter of fares and freights, and also attend to the little matter of abrogating the Burlingame treaty. In spite of Mr. Woodburn he believed that the house of representatives had the power to abrogate treaties. He denied that he had ever tried to take away any of Senator Jones' credit for his services on behalf of the silver bill. His first speech on the subject is now the standard man on the subject for all students who wish to question. Mr. Deal only thought that Jones ought to have prevented the demonization of silver. Mr. Deal, if elected, would get slathers of school lands for Nevada. The Democratic party, notwithstanding Daggett and Woodburn, had saved millions to the country. Anybody could see it if he only looked at the matter aright. All the appropriations to meet deficiencies ought, according to the ingenious Mr. Deal, be charged to the extraneous matter of Republican office holders. Mr. Deal was born in Maryland and was proud of it. He recited the history of that state from 1618 to the present day to show why. But he loved Nevada better than he did Maryland, owing chiefly to the affecting fact that his children had been born in this state. But far above and beyond transcending his love for Maryland and "this beautiful territory of Nevada," Mr. Deal cried in a respectfully loud tone of voice, was his love for "the whole Union—under the constitution." The last clause was tucked on in a low tone, with Democratic prudence.

This closed Mr. Deal's speech, an effort so weak, insufficient and shallow and so utterly devoid of anything like grasp as to surprise even those who know him best. The audience did the decent thing, however, giving him three cheers at the end of his little talk, and left the hall at 8:40 o'clock.

THE SUSANVILLE FAIR.

The Northern District Succeeds—Good Management and Enterprise.

The citizens of Lassen, Modoc, Plumas and Sierra counties, California, held their first district fair during the week just past. The fine stock which has been the special pride of these counties was all exhibited on the grounds, and the most liberal inducements were offered to visitors from other sections. By common consent Mr. E. V. Spencer, secretary of the association, was awarded the highest praise for his exertions on behalf of the first fair, and for the first attempt it was certainly a most gratifying success.

The grounds are situated about one mile from Susanville, and are ample for every purpose and aim of the society. The property has been enclosed, and a grand stand and long rows of stables are already provided for the use of visitors and exhibitors. The stalls are commodious and the grounds well arranged. The track promises to be one of the best, as the soil is light and easily worked. Even with the small preparation which was possible for this year, Susanville was not the slowest track in this interior circuit. B. T. Sheldon, president of the society, and L. N. Breed of Janesville, were among the zealous workers, and to them a large measure of the success was due.

The races of course did not call out as large an attendance of runners and trotters as might have been expected, but the purses were generous, and the trustees used every endeavor to make the contest interesting and satisfactory. Among the trotters we mention Ashley, Wm. Tell, Surprise, Carlisle, Honest John, Miggins and Sam. The best runners were Emma Skaggs, Mollie H. Illusion, Ned Smith, Echo, Bill Hazel, Patterson and Red Ned. These were matched each day in order to produce the closest contests. Messrs. Bried, Lake, Sheldon, Chamberlain, Thompson and Bragg acted as judges at different times. Patrols, timers, distance judges, gate keepers and in short all attaches of the fair were singularly polite and attentive reflecting much credit upon the society and its able managers.

In town the generous hospitality of Susanville was manifested on every hand. She people sacrificed their own comfort in order that guests should enjoy the week and the town was full of overflowing. Two social dances were given during the week and the beauties from all over the district were

present, and gave an exhibition of health and spirits which made everybody feel at home.
The first district fair of northeastern California was a pronounced success and we learn that the receipts were very satisfactory. Each visitor was reluctant to leave the pleasant little town with its orchards, warm firesides and warmer hearted people, and the promise to come again was unanimous. Our northern neighbors feel very kindly towards Reno and the Nevada state fair. We hope that this feeling will be warmly reciprocated and that the two fairs may help each other to greater success. When the year rolls around once more the GAZETTE will be heard yelling: "Ho! for Susanville."

THE VIGILANTES

Deal with a Disobeyer of Their Commands.

The vigilantes were at work again last night. Some weeks ago a number of disreputable persons received curt notices to leave town. Among those who departed was one Alfred Howard, the son of a keeper of a house of ill-fame, who was accused of being an idle fellow, employing himself, it is said, in bringing patrons to the parental den and otherwise making himself obnoxious to the virtuous vigilantes. Howard is only a lad of seventeen or eighteen, and whatever his private offenses may have been he certainly has not been a violent character, but to people who know nothing of his home life, seemed a quiet and rather gentlemanly boy. He committed the indiscretion, however, of coming back, and the vigilantes no doubt felt that they must punish this contempt of court or lose their authority. Last night about half-past 8 o'clock, when Howard was standing in front of Morris Ash's saloon on Virginia street, a masked man darted out of the adjoining alley, threw his arms around him from behind and dragged him back into the darkness where a dozen or so of similarly masked men seized him. The lad screamed for help and a crowd instantly gathered. Morris Ash opened his door leading upon the alley to see what was the matter, but the muzzle of a pistol at his breast and a quiet order to stand back made him close it again in a hurry. Those who attempted to enter the alley from the street were met in the same way. The lad was probably gagged speedily, for his cries of "murder" and "police" ceased in a few seconds. As near as the GAZETTE reporter can ascertain from the street talk to-day, the vigilantes led their captive to some point on the outskirts of the town and after giving him a lecture and a warning not to return to Reno on pain of severe and quick punishment, dashed a little tar on his head and cheeks, as a sort of earnest of what they would do by and by if necessary. Howard, who no doubt thought his time had come, is reported to have begged piteously for his life. After being treated as described he was led to the overland train, put aboard and started west. He was seen in company with his step-father Cook, to take the train for Virginia this morning, so it is surmised that he went as far as Truckee last night and then returned. Those who saw the young fellow this morning say that he had got rid of all the tar, so he could not have been treated very severely. It is well the vigilantes were so merciful, for public opinion would not have justified in this case a dose of tar and feathers such as was dealt out to Howard. When Jones was the favored one, Reno has, thanks to the vigilantes, become locally known as a place of residence hardly preferable to the infernal regions themselves. Howard's mother was rushing around the town last night, pistol in hand, seeking the abductors of her boy and, notwithstanding her character, excited a good deal of honest sympathy, for whatever the lads faults or crimes, he is her son and perfection in her motherly eyes.

When did this Happen?

[N. Y. Times, Oct. 25.]

A story is told by a San Francisco paper that a tramp, while vagabonding far from the town of Reno, Nevada, bethought himself of a happy device for securing the chief aim of his life—getting money without work. Aware that Wells, Fargo stage would soon pass over the road, he threw off his coat; turned out his pockets; tore his shirt; scratched his face; rolled in the dirt; and then with much trouble tied himself to a tree, anxiously awaiting the stage. He felt confident that by pretending to have been robbed of his last dollar, maltreated, and bound to a tree by desperate highwaymen, he would get a handsome subscription from the sympathetic, open-handed passengers. The stage, unfortunately for him took a short cut by a new road, and the tramp after tarrying until nightfall, tried in vain to unloose his bonds. While so engaged a huge grizzly bear descended the mountain, drawn by the man's cries for help; attacked him, unable to offer any resistance, and nearly devoured him. His remains were discovered two days after, and recognized as those of a tramp who had several times before raised money by the means mentioned. He is said to have been once a man of some property in Sacramento; but he lost it by speculations, became dissipated, and finally a confirmed loafer. He certainly was hoist by his own petard.

REPUBLICAN PLATFORM.

Resolved, That we reaffirm the principles of, and renew our allegiance to, the party which preserved the Union, freed the slaves and maintained the essential doctrine that this is a nation and not a confederacy of States and national governments should give ample and complete protection to its citizens, both at home and abroad; that against the assaults of traitors and rebels the Republican party has preserved these governments, and the Republicans of Nevada now demand that every qualified elector in every State—in every State, South and North, Democrats or Republicans, black or white—shall be permitted, undisturbed by force and unswayed by fear, to vote at all elections, at the places prescribed by law, and that every vote so cast shall be honestly counted, and that every person chosen by such votes, to any office shall be freely inducted into it, and effectively supported in the discharge of its duties. That the permanent pacification of the Southern section of the Union, and complete restoration of all its citizens, in their civil, political, personal and property rights, is the duty to which the Republican party stands securely pledged. In order to redeem this pledge, it placed the recent amendments in the Constitution, and upon the righteous basis of said amendments it will go forward in the work of pacification, until peace shall come through right doing, and contentment through justice. That the evident purpose of the Democratic party, if it should come into full power, is to pay hundreds of millions of suspended war claims of disloyal men, already presented to Congress or awaiting a favorable moment for presentation, makes it doubly important, now that the Senate is soon to pass under Democratic domination, that the House of Representatives be chosen in the coming election should be under Republican control.

Resolved, That the validity of the presidential term was definitely and finally settled by the forty-fourth Congress, and that the attempt shadowed forth by the Potter resolutions to disturb the title by which President Hayes and Vice-President Wheeler hold their seats is revolutionary and dangerous in the extreme, and characteristic as it is of the underlying motives of the rebel Democracy for our unqualified disapproval and denunciation.

Resolved, That it is the duty of Congress to perfect with all possible expedition such legislation as will secure to the country the benefit of an honest and fair adjustment of freight and fares on all railroads, whose construction is the result of land grants, subsidies, loans and other government aid assistance.

Resolved, That the Republican party favors and demands at the hands of the State Legislature legislation having in view the regulation and equalization of freights and fares on all railroads within this State.

Resolved, That in their shameless disregard of our avowed principles, the Democratic party of this State in their unmistakable purpose to nominate the present incumbent of the gubernatorial office for a third term, have brought upon themselves the deserved distrust, not only of every Republican, but of the more honorable and consistent members of their own party.

Resolved, That we believe in the doctrine of rotation in office, and that so believing we are opposed to the nomination of candidates to office under the State government for a third term.

Resolved, That we hail with joy the remonetization of silver as a step toward our emancipation from the grasp of the corrupt money rings of Europe and America, and we ask Congress to complete the measure of our redemption by according to silver unrestrained coinage.

Resolved, That in the legislation of the forty-fifth Congress, nothing more fully commands our approbation than the efforts of our Senators and Representatives in securing the remonetization of silver and the dual standard in the coinage of the country.

Resolved, That these should be retrenchment in the public service; that men elected to office should be qualified by education, intelligence and business habits to perform the duties of their respective offices, and that the system of deputyships and clerkships at present existing in the interest of State officers should be abolished at once and forever.

Resolved, That public lands are the property of the people, and therefore they should be reserved for actual settlers, aided in their settlement by the Government and protected in their possessions by just laws.

Resolved, That we recognize the wisdom of the framers of our constitution in providing for the taxation of the proceeds of the mines; that all taxes should be equal and uniform; that the present system of taxation is as just and fair as any that can be devised and should be preserved; that the mining corporations doing business in this State pay no more than their just proportion of taxes, while the railroad property situated within this State pay much less than its just proportion; that no more taxes should be raised any one tax than are necessary to defray the actual and necessary expenses of the State during the same period, when economically and honestly administered; that the present rate of assessment of property should be decreased so as to produce only such a sum as is absolutely required to pay the expenses of the State, at the same time having regard to the surplus of funds already in the treasury.

Resolved, That the Republican party of the State of Nevada is opposed to and protests against any repeal, modification or any change in the law taxing the proceeds of the mines commonly known as the "bullion tax law."

Resolved, That we refer with pride to the record of the Republican party in Congress, where, in spite of the assaults of a malignant and unscrupulous opposition, not one stain of dishonor rests, and not one act has been brought to light which reflects anything but renown upon the representatives of our organization and its principles.

REPUBLICAN COUNTY PLATFORM.

Resolved, That we have known the Republican party to be the party of good government, and that it has always guaranteed the greatest good to the greatest number. Believing that an insidious foe in time of peace is no less dangerous than an avowed enemy in time of war, we refer to the glorious record of the Republican party as a full guarantee of its national use and significance. We therefore declare it to be the first duty of good citizens and in the first interests of good government that the Republican party be continued as the law-making power of the land.

Resolved, That we do heartily endorse the platform of the State convention of our party, held in Eureka Sept. 18th. That we endorse the same, both in spirit and letter, and do pledge our candidates to a fulfillment of the promises therein made to the people.

Resolved, That this convention, as a representative of the Republican party of Washoe county, heartily endorse and applaud the vote of Washoe's Senators and Assemblymen in the Legislature of '77 upon the infamous Bullion Tax compromise bill. And we declare that in our best judgment such vote was cast for honesty, purity and the public good.

Resolved, That in our best judgment, the official acts of the Hon. J. P. Jones in the Senate of the United States meet with the hearty concurrence and approbation of the Republican party of Washoe county.

Resolved, That Washoe county demands a careful revision of the fee bill of this State, and such legislation relative to the compensation of public officials as the exigencies of the case requires. Believing that the fees of the public servants ought to be definitely and precisely fixed by law and regulated upon the basis of a fair compensation for the service performed, our candidates for the Senate and Assembly are hereby instructed and pledged, if elected, to use honorable means to secure legislation in this respect that will equitably regulate and adjust the correlative obligations of the people and public officers concerning public duties and the compensation therefor.

Resolved, That the Republican party of Washoe county believes the very first qualifications of its candidates must be honesty and capacity. No personal friendship or popularity shall be permitted to conceal or extenuate the dishonest or incapable administration of public affairs. Therefore the Republican party in convention assembled does hereby pledge itself and its candidates to a careful and prudent administration of the county affairs, and to such reforms or to existing abuses as the nature of the case demands.

Resolved, That we solemnly declare it to be the doctrine of the Republican party that the pledges given to a nominating convention by successful candidate for office are binding

DEMOCRATIC PLATFORM.

The Democratic party of the State of Nevada announces the following as its platform of principles and live issues for the present campaign. The Democratic party affirms as its principles:

Gold and silver the only legal tender; no currency unconvertible with coin; the honest payment of the public debt; a sacred preservation of the public faith; revenue reform, and a tariff for revenue only; no government partnership with monopolies; no subsidies to corporations or individuals; no class legislation; no unjust or unequal taxation; the reservation of so much of the public domain as the Republican party has not already given away to railroad corporations, for the benefit of actual settlers; the maintenance of a non-sectarian common school system; acquiescence in the lawfully expressed will of the majority; the equality of all citizens before the law; economy in public expenses, that labor may be lightly burdened; abandonment of the military to the civil power; no centralization; and a strict construction of the Federal Constitution.

As important issues, entitled to especial mention, the Democratic party of Nevada presents:

1st. The induction of R. B. Hayes into the office of President, in violation of the clearly expressed will of the people, is denounced as the highest crime against free government and the most dangerous encroachment upon popular rights ever perpetrated in the country. While in the high interest of public tranquility we submit to the constituted Federal Administration, yet the investigation of the House of Representatives is specially commended, to the end that the vile bargaining and corruption may be exposed and the brand of infamy stamped where it rightfully belongs.

2d. The Democracy of Nevada advocates the removal of all restrictions to the coinage of silver and the re-establishment of silver as a money metal the same as gold—the same as it was before its fraudulent demonetization by a Republican Congress in 1873; the substitution of United States currency for national bank notes; no further sale of interest bearing bonds for coin for redemption purposes; but the gradual reduction of the public debt; and rigid economy in all branches of the public service.

The Clothing War.
EDITOR GAZETTE: In the Journal of October 24, I find an announcement signed L. Abrams, of the White House. This announcement sets forth that other dealers in clothing "keep a humbug shop" and offer "unsalable goods" to the public. He also believes that these humbug dealers "lie to deceive the public." I represent, for my part of the humbugging, Mr. Editor, I represent that when I offer "unsalable goods" I always suffer for it, and not Mr. Abrams. The people have worn my goods long enough to know better than Mr. Abrams whether they come from a "humbug shop" or not. During my many years residence and business in Reno, I have made my own reputation and it is safe from the interested charges brought by this newcomer at the White House.
Now, whether I keep a humbug shop or not, I shall continue to sell the best goods in market and at the lowest rates. I shall sell men and boys clothing cheaper than "Whitely" can sell them. I shall keep more goods, and a resher stock always on hand. And all of these assertions, so far from being "lies to deceive the public" can be proven by my patrons during fair week as they have been proven any time during the past ten years.
M. NATHAN,
Virginia Street.

Don't Forget it.
If you are troubled with nervousness, are disheartened, tired of life, fear death or feel out of sorts, as the saying is, you may safely conclude that you have the Dyspepsia or Liver Complaint. The liver is very apt to become torpid at this season of the year, as poisons arising from marshes, stagnant water are more numerous, and are, through inhalation, taken into the blood. Unless the liver is strong and active, and furnishes a supply of fresh and pure blood to drive out the impurities, the above mentioned symptoms surely follow, and if not heeded, end in more terrible diseases and death. White's Liver Pills prove itself the great liver purifier. Its action on the liver is different from any medicine ever compounded. Its cure is truly wonderful. Try it. Price, twenty-five cents and seventy-five cents. For sale by our drugists, OBERN & SHOEMAKER. aut ed

A CARD TO THE PUBLIC.—I do not sell any goods 20 cent below cost, or even at cost, but I offer my first-class stock of clothing, furnishing goods, boots and shoes, hats and caps, trunks and valises, etc., which have been bought for cash at the lowest market rates. Therefore I wish the public to post themselves on my prices before going to the humbug shops where they are always drumming into the ear that they are selling at cost or below cost. They either bought unsalable goods or they lie to deceive the public; they don't deserve to be patronized. Remember the Old Price Store—The White House—No. 19 Commercial Row, next door to the postoffice.

OWARDLY PERSECUTION.

A feature of the present campaign is the virulence of the abuse heaped by the Democrats and their backers upon some of the Republican candidates. C. S. Varian, nominee for district judge of this district, has been a special target for wanton vilification. Mr. Varian, as everybody knows, is a man who has made his own way in this state by sheer force of industry and ability. He has made for himself the deserved reputation of an honest and capable lawyer. No one can truthfully say a word against his character, professional or private. He has his home with us and is a man of family. In feeling and conduct he is a gentleman and occupies a good social position. Yet to listen to those who have leveled to be his enemies one would believe that Mr. Varian is a sort of moral and political leper. For a reason that is not hard to surmise, one with Mr. Varian's capacity to fill honestly the position to which he aspires is not a favorite with certain powerful corporations and their hirelings were set to work to blacken him in the eyes of the people. Parkinson, of the *Tribune*, a man whose character is too well known to need more than a reluctant reference to it, is one of the most violent of the conscientious detractors. Scarcely an issue of his dishonest and stupid sheet but contains some vicious slander directed at Mr. Varian. No man with blood in his veins could sit quietly while being so shamefully maligned as the active enemies of Mr. Varian have maligned him. Some, whose political interests in this county should be with him, have, in an underhanded, mean and unmanly way, aided the pack of moral and political coyotes in their snappings. The treatment which his Democratic opponent, Mr. King, has received at the hands of the Republican press is in marked contrast with the outrageous libeling of Mr. Varian, who is in every respect Mr. King's equal, if not superior. The people of Washoe, Ormsby and Douglas counties owe it to Mr. Varian to vindicate him from these lying and brutal attacks by electing him on Tuesday next by a handsome majority.

EDITORIAL NOTES.

A dispatch from New York dated yesterday states that a *Tribune* special says that armed Democrats at Georgetown, South Carolina, broke up the Republican meeting, tore down the stand, and trampled and tore into shreds the American flag. The Democrats had two cavalry companies and one of infantry. If this be true it is high time that the federal troops were sent to once more outrage and oppress the peaceful and law abiding citizens of South Carolina. The Democrats complain of the bloody shirt. Why don't they cease furnishing new blood to ensanguine it? If the statements of the dispatch quoted be true there should be some honest Union gunpowder and lead used to decrease the Democratic majority of South Carolina.

Mrs. Besant, the notorious wife of an English clergyman, who denied the custody of her child by the courts because of her pronounced atheism, has made a novel move. She and her husband separated because he could not tolerate her sentiments. Since her daughter was taken away from her she has announced her intention to live again with her husband, on the ground that she cannot consent to an entire separation from her children. She formally notified her husband of her intentions. He has asked the courts to restrain her from molesting or annoying him, and to prevent her from instituting any action to compel him to live with her.

The Truckee *Republican* angrily objects to our jokes because we take care to explain them the day after they explode. We have adopted this method in order to meet a crying demand of the times. An unexplained joke in the brain of a man like our *Republican* friend is like an aching tooth in his protruding jaw. Hence our daily diagrams of our jokes of yesterday. Our jokes are no mere flippant flashes in the mental pan, so to speak. Like all good things, they will bear pondering over and much light will be thrown upon them by sincere prayer.

Sothorn, the actor, has been ordered by his physician to retire from the stage for six months.

CONDENSED TELEGRAMS.

Three men were burned to death in a fire at Canton, Md., on the 29th. Sixty thousand Russians have entered Roumelia by the way of Bourgas. A dispatch from London announces the serious illness of Lord Beaconsfield.

About 140 Mormons arrived at New York on the 29th from Europe en route to Utah.

The trial of Juan Monasoi, the would-be assassin of Alfonso, has commenced.

The Madrid police have found eight bottles of dynamite secreted in a building in the city and have made three arrests in consequence thereof.

The Spanish cabinet has received dispatches from Paris, Vienna, Berlin and Rome, relative to a common legislation against socialism.

The board of investigation in the Fitz John Porter case has decided that it is not expedient to take further action to obtain the attendance of General Pope.

County recorder Taylor was arraigned in the San Francisco police court, on the 29th, for assaulting Supervisor Danforth, but the case was transferred to the city criminal court.

The custom of human sacrifices has been resumed by the King of Dahomey and 500 persons have been slaughtered within a month. He holds as captives a Portuguese commander and seven soldiers, whom he forces to parade every day.

Colonel C. W. Lightner was accidentally shot in the arm, on the 29th, on the steamer Yosemite, en route from San Francisco to Vallejo. It was done by a drunken soldier, giving his name O. E. Bell, of Auburn, who dropped a loaded pistol on the floor, where it exploded, the ball shattering the Colonel's right arm.

The Flag Trampled Upon.

New York, Oct. 30.—The *Tribune's* Washington special says: Details of the attack upon the Republican meeting in Georgetown, South Carolina, have just reached Washington. It seems that the Republicans had called a mass meeting to be held at that place and were quietly conducting it. At the same time, in another part of the town, a large Democratic meeting was organized, attended by two cavalry companies and one of infantry, dressed in uniform and armed with rifles, pistols and sabers. The companies almost immediately set themselves to work to break up the Republican meeting. Some of them went over to the stand and made demonstrations against one of the speakers, which immediately produced general confusion. The armed men then made a combined attack on the meeting, drove off the Republicans, cut down the flagstaff and then tore the flag in pieces and trampled it under foot.

A Plucky Jockey.

In a race at the late Ballard county, Ky., fair, one of the jockeys who was to ride at 100 pounds, weighing only seventy, the extra thirty pounds were added in the shape of two wet blankets. After starting, the blankets slipped to the mare's left side, and flapped up on her side at every jump. The saddle also turned, and in his effort to right it, the jockey—a juvenile edition of the fifteenth amendment—lost one of his reins. Nothing daunted, the darky clung to the mare's neck like a circus monkey, and, urging on the frightened animal, landed her a winner of the race. When the mare was stopped, the saddle was dragging at her heels. The darky was delighted with his success, but declares he will "nebbber ride wid dem cussed blankets no mo'."

Keep Him at Work.

[Virginia Stage.]
Fred Hart, of the Austin *Reveille*, has resigned editorial charge of that whilom spicy sheet—temporarily it is alleged. We do not know what instigating causes led to this result, but probably pressure brought by the Democratic party upon the *Reveille* proprietors. That paper has been making Republican votes wherever read, since the Eureka convention, by its abuse of our candidates, and it is probable that Messrs. Bradley & Deal became somewhat fatigued with the expense, and disgusted with the results. It hasn't cost the Republicans any money; they haven't lost H(e)art, and are satisfied with the political work of the bugler. Keep him at work Messrs. Democrats. It suits us.

Dramatic Criticism.

[S. F. Alta.]
Isn't it just as easy to say "his best works" as "his chef d'oeuvre," "Jr." as "file," "shadow" as "oscuro," "in brief" as "in petto," "manager" as "impresario" or do our dramatic critics think themselves overpaid unless they sling a little French and Italian?—*Stock Exchange*.

Dear boy, there are only about forty thousand words in the English language, and genius must not be so cramped. Besides, dramatic and musical criticism is nothing if not stilted.

Perfectly Horrid.

[Stock Exchange.]
Miss Amelia Kibkian remarked yesterday, at Charlotte, North Carolina, to Mr. Edward Hartman: "You have ruined me and now I'll ruin you," and then she shot him. Her accusation was probably true, but if the male members of society took it into their heads to celebrate their ruin in a similar manner armor-plated skirts and steel polonaises would be in great demand for the fall and winter.

Horrible Deaths.

POTTSTOWN, Oct. 31.—The pinion wheel of the bucket in the shaft of Gabel's iron ore mine at Boyerstown broke to-day, and Isaac Gehris, Keeley Hogg, Casper Kiebo and John Quick were killed by falling 800 feet.

Atrocities in Santa Cruz.

New York, Oct. 30.—A letter from St. Thomas, dated the 23d inst., gives some additional particulars of the recent uprising of negroes on Santa Cruz island. On the outskirts of town, on every hand, are seen the blackened walls of what were once spacious residences. On every side, too, are patches of burned fields, with here and there patches of green cane too wet to burn. The brutality of the negroes was horrible. The second night the mob arrived at the Grove Place estate, and found about nineteen of the estate laborers. They were then shut up in an inclosure used for storing megass, and upon which kerosene oil was poured, and the whole was set on fire. Three or four escaped, and lie horribly maimed in the hospital. The charred bones of the remainder are silent witnesses to the truth of the story.

The whole business portion of the town of West End is a mass of ruins. The people have lost all they possessed, and men and women heretofore in good circumstances are now clad in motley and misfitting garments. There is still a great variety of opinions in regard to the causes of the outbreak. Good reasons for dissatisfaction on the part of the negroes existed, but none which were of sufficient importance to excite them to the fearful outrages which were perpetrated. The first attack on West End occurred when the negroes obtained an exaggerated idea of their power, and so went on from step to step until a regular insurrection resulted. Fifty-one estates were destroyed, besides a large number of private buildings and residences. The Danish consulate of New York has published an appeal asking contributions for the sufferers.

Flat Money A Hundred Years Ago.

[Augusta, Me., Journal.]
The following is an abstract of the records of the town of Waldoboro, for the years 1780 and 1781, showing the effects of a depreciated paper currency: March 29, 1780—Voted to pay \$10,000, to be worked out on the highway this year, in men's labor, at \$40 per day.

Nov. 7, 1780—Voted to pay the selectmen \$60 per day for the years 1779 and 1780.
April 10, 1781—Voted \$10,000; to be worked out on the highway this year, at \$80 per day, men's wages.

A Fiendish Brute Arrested.

PORTLAND, October 30.—Chas Crawford was on Monday arrested at Albany for attempting to outrage his stepdaughter Lillie, 10 years old, at East Portland. He had threatened to cut his wife's throat should she inform against him. The child's brothers arrested the fiend.

A Liberal Railroad.

[Eureka Leader.]
Our friend, Col. Sabin, received an elegant bookcase from San Francisco this morning. Cost price at the bay \$26 00. Freight, \$26 50. There is a whole volume of fares and freight argument in that statement.

A Railroad Man's Carelessness.

Boston, October 29.—The coroner's investigation of the railway disaster at Pontypidd, on the 20th inst., resulted in a verdict of manslaughter against the signal man.

POLITICAL.

REPUBLICAN PLATFORM.

ELECTION, TUESDAY, NOVEMBER 5, 1878.

Resolved, That we reaffirm the principles of, and renew our allegiance to the party which preserved the Union, freed the slaves and maintained the essential doctrine: that this is a nation and not a confederacy bound together with ropes of sand, and that both State and national governments should give ample and complete protection to its citizens, both at home and abroad; that against the assaults of traitors and rebels the Republican party has preserved these governments, and the Republicans of Nevada now demand that every qualified elector in every State—in every State, South and North, Democratic or Republican, black or white—shall be permitted, undisturbed by force and untrammelled by law, to vote at all elections, at the places prescribed by law, and that every vote so cast shall be honestly counted, and that every person chosen by such votes, to any office shall be freely inducted into it, and effectively supported in the discharge of its duties. That the permanent pacification of the Southern section of the Union, and complete protection of all its citizens, in their civil, political, personal and property rights, is the duty to which the Republican party stands solemnly pledged. In order to redeem this pledge, it placed the recent amendments in the Constitution, and upon the righteous basis of said amendments it will go forward in the work of pacification, until peace shall come through right doing, and contentment through justice. That the evident purpose of the Democratic party, if it should come into full power, is to pay hundreds of millions of suspended war claims of disloyal men, already presented to Congress or awaiting a favorable moment for presentation, makes it doubly important, now that the Senate is soon to pass under Democratic domination, that the House of Representatives to be chosen in the coming election should be under Republican control.

Resolved, That the validity of the presidential term was definitely and finally settled by the forty-fourth Congress, and that the attempt shadowed forth by the Potter resolutions to disturb the title by which President Hayes and Vice-President Wheeler hold their seats is revolutionary and dangerous in the extreme, and characteristic as it is of the underlying motives of the rebel Democracy call for our unqualified disapproval and denunciation.

Resolved, That it is the duty of Congress to perfect with all possible expedition such legislation as will secure to the country the benefit of an honest and fair adjustment of freight and fares on all railroads, whose construction is the result of land grants, subsidies, loans and other government aid assistance.

Resolved, That the Republican party favors and demands at the hands of the State Legislature legislation having in view the regulation and equalization of freight and fares on all railroads within this State.

Resolved, That in their shameless disregard of our avowed principles, the Democratic party of this State in their unmistakable purpose to nominate the present incumbent of the gubernatorial office for a third term, have brought upon themselves the deserved distrust, not only of every Republican, but of the more honorable and consistent members of their own party.

Resolved, That we believe in the doctrine of rotation in office, and that so believing we are opposed to the nomination of candidates to office under the State government for a third term.

Resolved, That we will with joy the remonetization of silver as a step toward our emancipation from the grasp of the corrupt money rings of Europe and America, and we ask Congress to complete the measure of our redemption by according to silver unrestrained coinage.

Resolved, That in the legislation of the forty-fifth Congress, nothing more fully commands our approbation than the efforts of our Senators and Representatives in securing the remonetization of silver and the dual standard in the coinage of the country.

Resolved, That there should be retrenchment in the public service; that men elected to office should be qualified by education, intelligence and business habits to perform the duties of their respective offices, and that the system of deputyships and clerkships at present existing in the interest of State officers should be abolished at once and forever.

Resolved, That public lands are the property of the people, and therefore they should be reserved for actual settlers, aided in their settlement by the Government and protected in their possessions by just laws.

Resolved, That we recognize the wisdom of the framers of our constitution in providing for the taxation of the proceeds of the mine; that all taxes should be equal and uniform; that the present system of taxation is as just and fair as any that can be devised and should be preserved; that the mining corporations doing business in this State pay no more than their just proportion of taxes, while the railroad property situated within this State pay more taxes than its just proportion; that no more taxes should be raised any one year than are necessary to defray the actual and necessary expenses of the State during the same period, when economically and honestly administered; that the present rate of assessment of property should be decreased so as to produce only such a sum as is absolutely required to pay the expenses of the State, at the same time having due regard to the surplus of funds already in the treasury.

Resolved, That the Republican party of the State of Nevada is opposed to and protests against any repeal, modification or any change in the law taxing the proceeds of the mine commonly known as the "billion tax law."

Resolved, That we refer with pride to the record of the Republican party in Congress, where, in spite of the assaults of a malignant and unscrupulous opposition, not one stain of dishonor rests, and not one act has been brought to light which reflects anything but renown upon the representatives of our organization and its principles.

Resolved, That labor in itself recognizes the Republican party as its exponent; demands emancipation from oppression, and elevation to its proper dignity, a just and equal place with capital, and that both are alike necessary to the well-being of society.

Resolved, That the general government should immediately take such steps as to absolutely stop the further immigration of Asiatics to our country; and that such just and peaceful measures should be adopted as may be appropriate and necessary to induce those already among us to quit our shores at the earliest practical moment.

Resolved, That the Republican party of the State of Nevada enters its most solemn protest and condemnation against any corrupt interference in the politics or legislation of this State, by moneyed rings or corporations, or the representative of aggregated wealth or capital; that we will with citizens the increasing and menacing attempts of the moneyed powers of the Pacific States to control the elections and shape the legislation of

REPUBLICAN COUNTY PLATFORM.

Resolved, That we have known the Republican party to be the party of good government, and that it has always guaranteed the greatest good to the greatest number. Believing that an insidious foe in time of peace is no less dangerous than an avowed enemy in time of war, we refer to the glorious record of the Republican party as a full guarantee of its national use and significance. We therefore declare it to be the first duty of good citizens and in the first interests of good government that the Republican party be continued as the law-making power of the land.

Resolved, That we do heartily endorse the platform of the State convention of our party, held in Eureka Sept. 18th. That we endorse the same, both in spirit and letter, and do pledge our candidates to a fulfillment of the promises therein made to the people.

Resolved, That this convention, as a representative of the Republican party of Washoe county, heartily endorse and applaud the vote of Washoe's Senators and Assemblymen in the Legislature of 77 upon the infamous Billion Tax compromise bill. And we declare that in our best judgment such vote was cast for honesty, purity and the public good.

Resolved, That in our best judgment, the official acts of the Hon. J. P. Jones in the Senate of the United States meets with the hearty concurrence and approbation of the Republican party of Washoe county.

Resolved, That Washoe county demands a careful revision of the foe bill of this State, and such legislation relative to the compensation of public officials as the exigencies of the case requires. Believing that the fees of the public servants ought to be definitely and precisely fixed by law and regulated upon the basis of a fair compensation for the service performed, our candidates for the Senate and Assembly are hereby instructed and pledged, if elected, to cause honorable means to secure legislation in this respect that will equitably regulate and adjust the correlative obligations of the people and public officers concerning public duties and the compensation therefor.

Resolved, That the Republican party of Washoe county believes the very first qualifications of its candidates must be honesty and capacity. No personal friendships or popular pledges shall be permitted to conceal or extenuate the dishonest or incapable administration of public affairs. Therefore the Republican party in convention assembled does hereby pledge itself and its candidates to a careful and prudent administration of the county affairs, and to such reforms or to existing abuses as the nature of the case demands.

Resolved, That we solemnly declare it to be the doctrine of the Republican party that the pledges given to a nominating convention by successful candidates for office are binding

DEMOCRATIC PLATFORM.

The Democratic party of the State of Nevada announces the following as its platform of principles and live issues for the present campaign. The Democratic party affirms as its principles:

Gold and silver the only legal tender; no currency convertible with coin; the honest payment of the public debt; a sacred preservation of the public faith; revenue reform, and a tariff for revenue only; no government partnership with monopolies, no subsidies to corporations of individuals; no class legislation; no unjust or unequal taxation; the reservation of so much of the public domain as the Republican party has not already given away to railroad corporations, for the benefit of actual settlers; the maintenance of a non-sectarian common school system; acquiescence in the lawfully expressed will of the majority; the equality of all citizens before the law; economy in public expenses; that labor may be lightly burdened; re-bordination of the military to the civil power; no centralization; and a strict construction of the Federal Constitution.

As important issues, entitled to especial mention, the Democratic party of Nevada presents:

1st. The induction of R. B. Hayes into the office of President, in violation of the clearly expressed will of the people, is denounced as the highest crime against free government and the most dangerous encroachment upon popular rights ever perpetrated in the country. While in the highest interest of public tranquility we submit to the constituted Federal Administration, yet the investigation of the House of Representatives is specially commended, to the end that the vile bargaining and corruption may be exposed and the brand of infamy stamped where it rightfully belongs.

2d. The Democracy of Nevada advocates the removal of all restrictions to the coinage of silver and the re-establishment of silver as a money metal the same as gold—the same as it was before its fraudulent demonetization by a Republican Congress in 1873; the substitution of United States currency for national bank notes; no further sale of interest bearing bonds for coin for redemption purposes but the gradual reduction of the public debt; and rigid economy in all branches of the public service.

3d. In view of the recent decision of the

POLITICAL.

Supreme Court of the United States.

State and National legislation is demanded to protect the people of Nevada from the outrageous discrimination and excessive charges of railroad corporations, within this State.

4th. The Democracy of Nevada denounces the Chinese element as an incubus that will oppress honest labor in any civilized country on earth and demands such a radical change in the treaty with the Chinese Empire as will forever stop the immigration of the Chinese to the United States.

5th. The Democracy of Nevada is in favor of the State, county and municipal government; and that every species of property bear its just and equal burden of taxation. While no war is made on the great corporations, it is demanded that their property shall contribute to the support of government, the same as other property. Unflinching opposition to any further exemption of the net proceeds of the mines is announced, the mining interests being now sufficiently encouraged and protected. Such a reduction of State taxation is demanded as will prevent any accumulation of money in the State Treasury, and as will only furnish a sufficiency for the interest on the State debt and the economical administration of the State government.

6th. The Democracy repudiates the doctrine that any officer may disregard and ignore the pledges made by his constituents, and on the faith of which he was elected; and declares that if such practice be tolerated it will result in the destruction of representative Democratic government, and we declare that no power exists which can relieve officials from pledges made to the people previous to election.

7th. The Democracy of Nevada holds the ballot to be the inalienable right of free citizens; views with alarm the efforts of the great foreign corporations to control the political contests in Nevada, and urges the people of this State by their votes and the polls in the approaching election, so vigilantly to rebuke and trample upon such interference as will forever prevent its repetition.

8th. The Democracy of Nevada recognizes the right as well as the necessity, of organizing and maintaining by the industrial classes, Miner's Unions and Mechanic's Unions, and other associations, for the purpose of protection against Chinese pauper labor. Under a wise and frugal government, which it is the mission of the Democracy to maintain and perpetuate, any resort to force, or to violation of law, or invasion of the right of person or property, to redress grievances, is needless and at war with free institutions. By legislators fostering and favoring the great moneyed corporations, such as national banks, railroad, steamship, telegraphic and manufacturing companies, the Republican party has perverted the Government from its true object, protecting the people, and made it the instrument of plundering them. It has concentrated vast wealth in the hands of a few, while the toiling millions who created that wealth are struggling in poverty and enforced idleness; and it has enabled monopolies to devour so great a portion of the earnings as to take from the mouth of labor the bread it has earned.

9th. The Democracy of Nevada congratulates the country upon the acceptance, by the present administration, of the constitutional and pacific policy of local and self-government in the States South, so long advocated by the Democratic party, resulting in peace and harmony to that section of the Union.

10th. The Democracy demands the Legislature to pass additional enactments to enable stockholders to visit and examine mining property in which they are interested.

THE THIRD GUBERNATORIAL TERM.

The Democracy declare that honesty, capacity, devotion to the true principles of Government, and the faithful observance of pledges, constitute of themselves the highest title to the rewarded confidence, and further there is no resemblance between the case of the Governor of a State, with little patronage, and with powers limited by the strict provisions of the constitution, and that of a President of the United States, by virtue of his office, Commander-in-Chief of the army and navy and the head of one hundred thousand office-holders, striving to perpetuate a personal and tyrannical rule by the macropulous use of all means. His command. The career of the late President of the United States furnishes the most complete proof of the danger of a third Presidential term which we warn against and seek to avoid in the future; that of the present Governor of Nevada presents the strongest evidence of the wisdom of our action in discarding, in its application to State affairs, a doctrine long repudiated by the Republican party, and now flouted by it for the present occasion. The career of the late President of the United States furnishes the most complete proof of the danger of a third Presidential term which we warn against and seek to avoid in the future; that of the present Governor of Nevada presents the strongest evidence of the wisdom of our action in discarding, in its application to State affairs, a doctrine long repudiated by the Republican party, and now flouted by it for the present occasion.

Finally, the Democracy of Nevada, by its convention assembled, takes occasion to especially commend Governor L. R. Bradley for preventing, by his veto, an unjust modification of the revenue laws now in force taxing the proceeds of the mines, also for his fearless vindication of the people's rights worthy of the full confidence of the good and true men of all parties of this State.
